Message from the Chair, CEO, & Founder

On behalf of the Reclink Australia Board, we are delighted to present the Reclink Australia Impact Report for 2022.

After commemorating 30 incredible years in 2021, a key theme for Reclink Australia across 2022 has been one of growth.

I encourage you to read through this report to gain insight into our increased national impact across the last 12 months, as well as visit our website at reclink.org to view our dynamic, animated 2022 Annual Report.

More than ever, we rely on a range of people to achieve our goals and continue our legacy as an organisation that provides evidence-based sport and recreation programs to disadvantaged Australians and creates socially inclusive, life-changing opportunities.

To this end, it is as appropriate as ever to thank a wide variety of people from across Australia who make our positive impact possible.

As a management team, we thank Scott Davies, Theresa Sgambaro, Cameron Hannebery, David Emerson, Melissa Brown, Margie Hill and Dr. Marnie Gibson for their passion, dedication and support as Directors this year.

To our Operations Managers, Jason Carter (VIC, NSW, QLD and ACT) and Richard Allanby (Tasmania, South Australia and Western Australia), we acknowledge your hard work and leadership of the teams as we broadened our national engagement this year.

To our entire team of staff, from our Regional Coordinators to our office staff and casual sports coaches, you are the wheels that keep Reclink Australia in motion. Thank you from the bottom of our hearts for your commitment.

We’d also like to thank our team of volunteers that give time graciously, willingly, and enthusiastically – all for the betterment of others’ lives.

Every member of the Reclink Australia team should be heartened by the many outcomes from this past year.

Other outcomes, however, such as a smile on someone’s face, are impossible to measure.

Your efforts have enabled those smiles and the enjoyment that has become a part of peoples’ lives where it otherwise might not have been.

Thank you once again, and we look forward to what 2023 has in store for us.

Aboriginal and Torres Strait Islander People

10,250
Young people

10,239
People with a disability

3 OUT OF 10
Participants were Culturally and Linguistically Diverse

1 July 2021 - 30 June 2022

Participant Stories

Kartik became known to Reclink Australia staff when he attended a VicHealth workshop. As part of a multi-year partnership with VicHealth, these workshops were initially scheduled to provide an opportunity for young people aged 16-25 to express their views on transforming spaces in communities across the state that are not currently being used to their full potential.

Kartik was so enthused by the workshops and potential opportunities through Reclink Australia, that now Kartik is running his very own multi-sport program every Friday for young people. Over 100 young people have accessed Kartik’s volleyball and basketball programs.

Angie lived through experiences of domestic violence, substance abuse, and homelessness before she took up her role with Reclink Australia in more recent years and is using her position to empower people – often for the first time in their lives.

“My message to young people is ‘don’t give up’. What I love about Reclink, about who we are and what we do - we work alongside people to help them find a feeling of achievement. You can’t replace that with anything. Now I can stand up in front of youth and say, ‘I understand where you are’. I will go to whatever lengths are needed to advocate for opportunities for youth. It’s why I love Reclink.”
Snapshot of Programs

**NATIONAL**
- **Gender Split**
  - Male: 54.7%
  - Female: 45.3%
  - Other: 0.2%
- **8-Week Wellbeing and Resilience**
  - 12% resilience
- **SA**
  - 40 young people
  - 8-Week Wellbeing and Resilience
